Our Statement of Purpose which includes a standard required set of information about our service and describes:

- The provider's aims and objectives in providing the service.

- The kinds of service provided.
- The health or care needs the service sets out to meet.
- The location where the service is provided from.
- Details from the provider, including their legal status, manager including the “address for service” for all registered persons.

### **Our Mission Statement:**

To provide quality care and support to our practice population and local community which empowers them to improve their health and well-being.

### **Our Aims and Objectives**

- To: Provide the best possible, safe and effective primary health care to our patients;
- To: Be responsive to our patient’s individual needs and treat everyone with dignity, respect and compassion;
- To: Be caring, courteous, approachable, friendly and professional.
- To: Treat patients how we would want to be treated ourselves;
- To: Maintain a culture of reflection; understand when we have got something wrong and reflect constructively on feedback to identify learning opportunities;
- To: Value the contribution of each member of the practice team and recognise the importance of ongoing team maintenance
